# Christian Creation Conference

An Exciting Bible Seminar Affirming Creation.

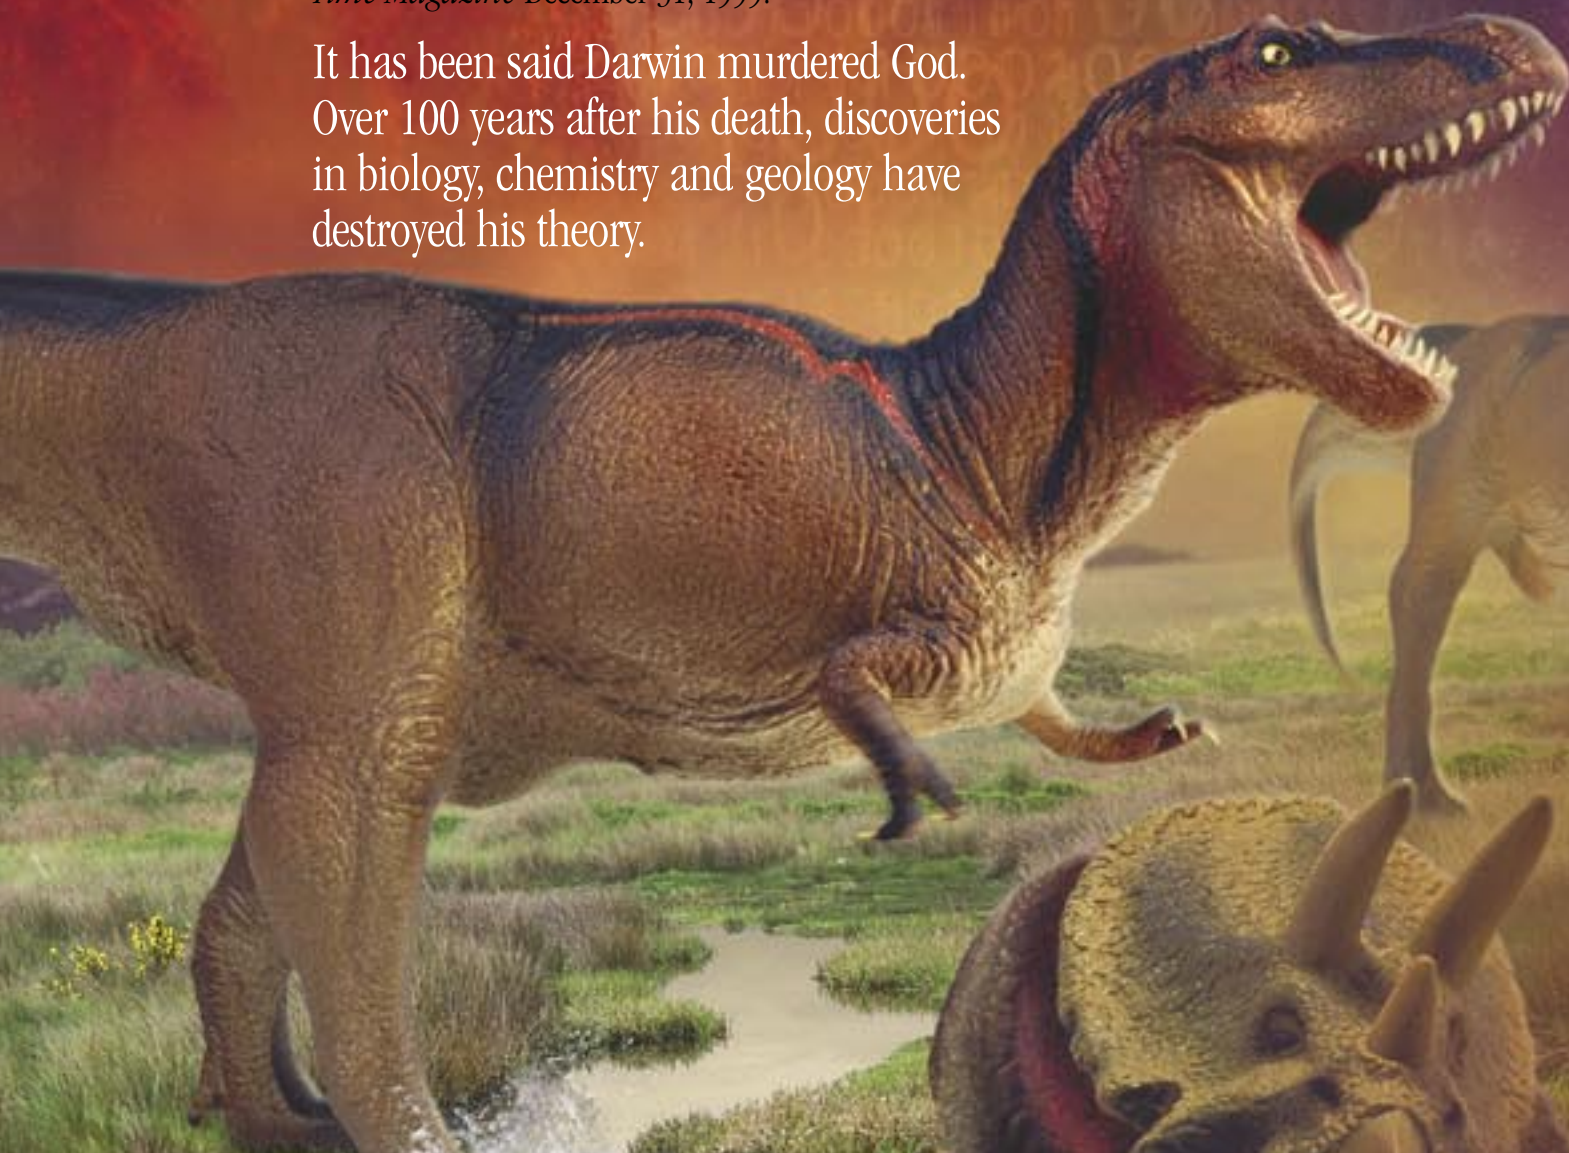

## EVOLUTION EXPOSED

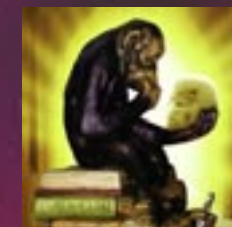

**“Charles Darwin didn’t want to murder God, as he once put it. BUT HE DID.”**

*Time Magazine* December 31, 1999.

It has been said Darwin murdered God. Over 100 years after his death, discoveries in biology, chemistry and geology have destroyed his theory.

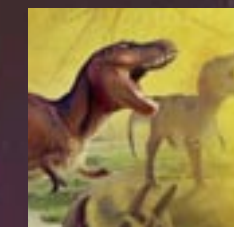

**First Dynamic Night**  
Monday, March 15, 6:30 pm

**Did Darwin Murder God?**

Did Darwin Murder God? It has been said Darwin murdered God. We will examine the case from both science and the Bible. See shocking evidence that, at best, Darwin could only be charged with attempted murder. The evidence leads us beyond intelligent design to a living, loving Creator God.

**Second Dynamic Night**  
Tuesday, March 16, 6:30 pm

**Dinosaurs, Fossils, & the Age of the Earth**

Darwin’s theory was dependent upon the discovery of transitional intermediate fossils. More fossils have been gathered in the last 100 years than in the rest of recorded history. However, the missing links are still missing and the Cambrian explosion in the Geologic Column has effectively cut down Darwin’s Tree of Life. Come and see the Geologic Column be flooded by the facts.

**Third Dynamic Night**  
Thursday, March 18, 6:30 pm

**Noah’s Ark & Secrets of the Flood**

The secrets of the flood may supply the most critical information in the entire creation/evolution debate. If the biblical account of Noah’s flood is accurate, what would this mean for evolutionary teaching of today? Numerous cultures have legends of such an event. What evidence would indicate if this flood was global or only a localized event?

**Fourth Dynamic Night**  
Friday, March 19

**Evolution and the Antichrist Agenda**

For the Christian seeking to defend their faith in the Bible, their greatest challenge might be from within Christianity. Liberal theologians and ministers are approaching the Scriptures with “higher criticism” and suggesting that modern evolutionary theory might be more trustworthy than the Bible. See Satan’s creation conspiracy unmasked!

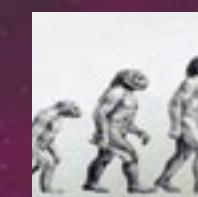

**Fifth Dynamic Night**  
Sunday, March 21

**If Darwin Was Right, Hitler Wasn’t Wrong**

Evolution is at odds with Biblical morality. Without God there is no right or wrong. Was Hitler just the Alpha male who destroyed those he felt to be inferior? How did belief in evolution contribute to the philosophy of one of the greatest monsters of all history? How does evolutionary ideology effect morality in America and around the world today?

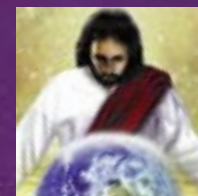

**Sixth Dynamic Night**  
Tuesday, March 23

**Ape Men: Don’t Make a Monkey Out of Yourself**

What about ape men? Evolutionists believe humans evolved from primates. Take a tour through evolution’s hall of shame and see that some evolutionists have gone beyond making monkeys out of themselves. What specifically does the Bible have to say about the origin of mankind? Can the biblical account or man’s origin mesh with evolutionary teachings?

**Seventh Dynamic Night**  
Thursday, March 25

**When Evolution Goes Extinct**

This is a must topic. See the whole seminar come together for a clear picture that affirms your faith in the Bible and Jesus Christ. Evolutionary teaching inevitably leads to extinction. It will soon meet its own logical end.

**Bring Your Bible and Your Mind, You Will Use Both.**

Hosted by Youth For Christ A Seminar for All Ages

■ Jesus Will Be Uplifted! ■ The Bible Will Be Affirmed!

■ This study will be limited to the Biblical topics of Creation and becoming a new creation in Christ (Salvation).
